CITY ITEMS.

Wood was \$7.50 per cord yesterday at the Eastern wood market.

Eight marriage licenses were issued yesterday by the County Clerk.

Our hotels are crowded. It is almost impossible for many to obtain lodging, which shows that there is a great influx of travelers and sojourners.

The grand piano used by Robert Heller is of the Steinway pattern, and is from A. M. Benson & Co's. It does honor to the great manufacturer and musician, for under such manipulations, it reveals at once power and delicacy of tone.

Delinquent Taxes. Tax-payers who are delinquent on their taxes for the last fiscal year are notified, that on Saturday, the 25th inst., the amount of these taxes, together with the cost of collection, will be paid by the county clerk, and will be realized by the sale of their property. Take heed in time and be wise.

Mayor's Court. John Morgan paid \$17.70 for keeping unlawful company, and \$4.74 for his wife \$14.00. Thomas Rush, John Wilson, Patrick Murphy, Andrew O'Connor, C. W. Haynes and Walter P. Jones were fined \$3 and costs for indulging in intoxicating drink, of whom three paid and three went to jail.

William Sullivan did not heed the suggestion of the policeman in regard to carrying a gun and paper into the gutters, and was obliged to pay \$2.00, which will probably leave him better.

Pork-packing is not progressing as rapidly as usual this year, owing to the unusually pleasant weather, and the fact that farmers in the country are asking exorbitant prices.

They are "stuffed" their hogs, and the animals lose largely in weight when driven a day or two. E. W. Patterson had killed up to yesterday five hundred; Kingan & Co., thirteen hundred; while Patton, Evans & Ferguson have not yet commenced slaughtering. The advent of freezing weather, however, will revive this business amazingly.

NOT POSTED. A gentleman from Franklin came to the city yesterday, en route for Cincinnati, for the purpose of purchasing a carpet for the parlor which he proposed to refurnish. He seemed to be under the impression that his wants could not be supplied here at all. A man standing near him at the time suggested that he could save him here, as in the Queen City. The gentleman from Franklin was incredulous until the bystanders handed him a copy of the HERALD containing the advertisement of the extensive carpet store of Hume, Adams & Co., Nos. 26 and 28 West Washington street, when at once he stepped into the establishment and made known his wants. Of course this was all that was necessary. He could not dispute the evidence of his own senses, which told him that here were carpets in as endless variety and at as reasonable prices as could be found anywhere in the United States. The last we saw of the stranger was as he was coming out of the carpet store, followed by a porter with a roll of elegant axminster carpet, which was being placed in a hack and dispatched to the depot.

The gentleman remarked that he hadn't been here for some time, and that he was surprised at the extent of the business done by our tradesmen. Hume, Adams & Co. are prepared to furnish others just as in the case of the gentleman from Franklin.

PROCEEDINGS OF THE WORKINGMEN'S CONVENTION.

THE WORKINGMEN'S CONVENTION, made through the public prints of the State, the Workingmen's Convention assembled at the Tabernacle, in this city, on Monday last.

A large number of delegates were in attendance, most of the trades and professions being represented, and the proceedings were of the most harmonious character.

The Convention was called to order by Mr. C. E. Brownson, of this city, and the post of Secretary was filled by Mr. J. Fehrbach, also of Indianapolis.

The examination of credentials having been concluded, a permanent organization was effected by the election of the following named gentlemen as officers:

President—Noyes White, Evansville.

First Vice President—D. M. Hooper, New Albany.

Second Vice President—Peter Hickey, Lafayette.

Secretary—J. Fehrbach, Indianapolis.

Treasurer—M. M. Brownson, Indianapolis.

The President upon taking the chair made a few appropriate remarks, and declared the Convention open for business.

After the appointment of a Committee of five to prepare resolutions expressing the sentiments of the workingmen of Indiana, the Convention adjourned to meet on Tuesday morning at the hall of the Locomotive Engineers.

SECOND DAY'S PROCEEDINGS.

The Convention met at ten o'clock, and after the reading of the minutes, the Committee on Resolutions made the following report:

WHEREAS, Labor supports government, produces wealth, and is the main spring of individual prosperity, and it is the duty of the State to protect and maintain that dignity and its value and importance it is to be maintained. Therefore, we, the Representatives of the Workingmen of the State of Indiana, assembled in Convention for the benefit of the workingmen of all classes.

Resolved, That the time has arrived, that a large amount of labor-saving machinery now in use, and the excess of laborers for the labor required to be performed, shall constitute a day's work.

Resolved, That our duties to our families, ourselves, and to our fellow-countrymen, require, and our mental and physical condition demands, that we adopt this rule as soon as circumstances will permit in doing so.

Resolved, That we recommend to all workingmen of other States, to unite in forming eight hour leagues, for the accomplishment of this object, and that we recommend to all workingmen of this State, to unite in forming eight hour leagues, for the accomplishment of this object, and that we make use of all lawful and suitable means for success.

Resolved, That in order to secure our object, we hereafter support no man for any official position, but those only who are in favor of eight hours constituting a day's work, and we recommend all workingmen to do likewise.

Resolved, That we recommend all workingmen throughout the several States of the Union to petition the Legislatures of their respective States, and the Congress of the United States, to enact a law, that eight hours shall hereafter constitute a day's work on all public works of the several States and the General Government.

Resolved, That we enter our solemn protest against the system of legislation, State or National, which taxes three-fourths of the other three-fourths, and of perpetual, in result, must result in repudiation, which is alike disgraceful and dangerous to a free people.

Resolved, That we recommend all workingmen of this State, to unite in forming eight hour leagues, for the accomplishment of this object, and that we make use of all lawful and suitable means for success.

Resolved, That in order to secure our object, we hereafter support no man for any official position, but those only who are in favor of eight hours constituting a day's work, and we recommend all workingmen to do likewise.

Resolved, That we recommend all workingmen throughout the several States of the Union to petition the Legislatures of their respective States, and the Congress of the United States, to enact a law, that eight hours shall hereafter constitute a day's work on all public works of the several States and the General Government.

West & Dudley, No. 21 East Washington street.

Ready for Christmas.—Mr. May Dealer in Philadelphia Boots and Shoes, No. 10 North Pennsylvania street, having put his store in proper trim, is at "home" to all persons wanting such Boots and Shoes as are usually in demand at this season.

The bell tower in the rear of Glen's Block has been removed to the rear of Terhune's block, in order to allow space for the proposed addition to the New York Store building.

The Journal is informed that we do not consider Chaplain Loefer good authority. He is too fanatical to see straight and there are other reasons why we cannot accept the authority quoted on the subject "wanted."

To listen is to give him aid.

Therefore we can't listen to Major Loefer.

The 13th Indiana Cavalry is expected to arrive to-morrow. The regiment is under the command of Brevet Brigadier General G. M. L. Johnson and is about 600 strong.

REBULARY.—Night before last one of the chevalliers d'industrie, with which this city is infested, entered the house of Mr. Van Bergen, on Michigan street, and proceeded around the premises, generally, without doing anything very extensive. He seemed to be very particular in his taste. The articles mislaid were confined to the children's wardrobes. He also looted liberally on the pantry, and the canned fruits, preserves, etc., suffered materially. The epicurean thief has not been apprehended.

PERSONAL.—Gen. Ambrose E. Burnside, H. Reynolds, Esq., Fountain county, P. H. Smith, of Madison; Ed. Price, Esq
